20260803 On the Presidents Demeanor Again

Sometimes it is the smallest of comments that show you who a person really is in their personal thoughts and truest personality. This old man is sick. I am ready to see him removed by impeachment, or the 25th Amendment.

In today's news:

President Trump said U.S. Attorney Jeanine Pirro "choked" in her decision to drop charges against U.S. Olympian David Hearn in the Reflecting Pool vandalism case, casting blame on the judge overseeing the case.

"The judge was extremely unfriendly to Jeanine, and frankly, I think she choked because the judge was really vicious," Trump told reporters in the Oval Office.

"Instead of going after the people that did it, the judge went after her and went after her department," he continued. "And I guess she choked. I don't know what the hell happened."

Trump did not answer directly when asked by a reporter if he was reconsidering her role, saying "you're fake news. Don't ever talk again."

President of the U.S.A.: "Don't ever talk again."

Trump exclaimed minutes later that Pirro "folded like an umbrella."

Trump appeared to be referring to D.C. Superior Court Judge Todd Edelman in his comments. The judge, who is now handling the case, said last month the government would be "operating at its own peril" if it continued repair work on the Reflecting Pool before the defense's expert could sample it.

Flashback to March 13, 2026: On the President's Demeanor

I can honestly make the case that this old windbag is the greatest mistake that Americans ever made in their entire existence as a country.

March 13, 2026: On the President's Demeanor

"Quiet Piggy" is the quote from Donald Trump to a reporter on Air Force One. Can you imagine any other president saying such a thing? Donald wants to place his name next to Kennedy so let's imagine John F. Kennedy telling a reporter "Quiet, Piggy!"

Can you imagine Donald telling a reporter to 'Quiet, Piggy!" while pointing his finger in her face? This should help.

U.S. President Donald Trump called a female reporter, 'piggy', when asked about the Jeffrey Epstein files aboard Air Force One.

This man is not fit for service as the President of the United States of America.

Let’s review another of his abusive quotes:

"I don't even wait. And when you're a star, they let you do it. You can do anything. ... Grab 'em by the pussy. You can do anything.”

And the most recent revelation:

"Let me teach you how little girls are supposed to be."

tomboy). [redacted] could not recall the identities of the other individuals present; however, they all exited when TRUMP asked everyone to leave the room. TRUMP mentioned something to the effect of, "Let me teach you how little girls are supposed to be." TRUMP unzipped his pants and put [redacted] head, "down to his penis". [redacted], "bit the shit out of it." TRUMP struck [redacted] and said words to the effect of, "get this little bitch the hell out of here." [redacted] advised she bit TRUMP's penis because he disgusted her. "He had money, it reeked off of him." At that point, people reentered the room no further information provided). [redacted] recalled a blond beautiful woman approaching her at some point that day after her interaction with TRUMP. The woman said, "let me give you a tip little girl about your breasts, wear a bra every night." Those words have stayed with her throughout the years.

The interviewing agents asked [redacted] to provide additional details regarding her first interaction with DONALD TRUMP when she was approximately 13 to 15 years old, in either New York or New Jersey, and while also in the company of JEFFREY EPSTEIN. [redacted] clarified that when she previously said TRUMP struck her after she bit him on the penis, she provided further details that he, "pulled [her] hair and punched [her] on the side of [her] head."

Shame on all of America for what the leader of this country has been seen and accused of saying to women.
He is an embarrassment to me, personally, and should be an embarrassment to the entire country.
I am certainly ashamed of ever supporting that man for president.
